

Mrs. Daniels
By Jason Oldroyd

Mrs. Daniels is a Health and P.E. teacher at Salem Junior High. She is a very fun and interesting teacher to learn from. I asked her a couple of questions and this is what she said. I asked her if she likes her job. She said, "Yes! I love my Job! I love teaching and I hope my students enjoy my class and learn in my class. Plus being a P.E. teacher lets me get outside and play every day." Another question I asked her is if she wanted to be a Health and P.E. teacher when she was a little kid. She said, "No, I love rocks, so I wanted to be a geologist or an archaeologist. " She also said that her two favorite sports to play are tennis and golf and the two sports that she likes to watch are football and basketball. Mrs. Daniels is an awesome teacher! She is very funny and fun.
