

Summer Fun

by: Matthew Lawler

Summer is one of the best times of the year. You get to be outside in the fresh air, with friends and you get to whatever you want, whenever you want. If you don't have any idea what to do, this article should help. I interviewed some of my friends to see what they were doing over the summer, and they usually do some pretty fun stuff! So here are some of the things they said.

First off, my friend Levi Ward said that he would either play tennis or have Airsoft wars with friends. So, there's sports and games with friends. Next, Isaac Leavitt said he would keep taking his dance classes. Now there's something fun to do! I know I would enjoy that! Then, Brigham Cheney admitted that he wanted to just be outside and enjoy nature. That's a good idea!

However, you don't always have to be outside and active to have fun! Trevin Nielsen wants to just stay inside and play video games. It isn't the most active, but it is fun! Hey, that's what I do some days! Lastly, my cousin Emily is going to have her own claymation studio while my cousin Haleigh is planning on becoming a freelance fashion photographer. Hopefully this article has given you some ideas on what to do for summer. Have a good one!
