Mini Conference Feedback - Some participation from parents and kids but not as much as desired. Suggestion to use Loom or similar platform for the teachers to select those students who they would love to get in front of the parents. This could be used to record a brief video and email to the parents for viewing later about the student or the class. After the mini conference teachers and staff selected 2 students to visit in-person at their homes and bring a gift bag and offer encouragement and assistance. Some teachers are still reporting back but it created some good touch points with students.

Safe Walking Route: Maps handed out for review and will consider changes if needed.

Registration Update: Cameo reminded community council that we're going to a 7-period year next year and registration is well under way, but the numbers aren't quite high enough yet to start deciding which classes to keep for next year.

Additional day off school given to students Feb 28th for Teacher Prep Day

Next month items:

- Report back on registration for next year
- 3 year needs assessment
- Report on college week.

Next meeting March 24th @ 3:00pm
