### Sign involvement in lands trust plan

Emily explained that council members sign that they were involved in the school improvement plan and trustlands budget as well as implementing the current school improvement plan. This physical form is a change from the electronic council members signed last year.

### Safe walking route

E of Elk Ridge Dr and N of canal there is a new subdivision that needs to be investigated before signing the safe walking route. We also want to look into getting a crosswalk for students that live north of Stokes. Keith and Emily will explore more new developments being built within the two mile radius (new condos behind Revere).

The following will be added to the plan:

1. Salem Park--is it on the current safe walking route (there is not a bus that goes there from what we can see) if not does busses pick them up or do we need to add a route to the current plan?
2. Double check on the new development North of Salem Canal and East of Elk Ridge Dr bussed (2.5mil)? As well as the condos south of Revere Health (2.25 mi)?
3. We need to add in the summer proposal a crosswalk coming from the neighborhood north of Stokes.

Safe walking route was voted on and approved

### Propose budget for school improvement plan

Budget was voted on and approved.
